PATAFIX PROPOWER

ULTRA STRONG, REMOVABLE AND REUSABLE GLUE PADS

PRODUCT DESCRIPTION

UHU patafix PROPower – the practical and ultra strong helper for do-it-yourself and repair tasks! The ultra strong, repositionable and reusable glue pads fasten, affix and repair, clean and permanent, objects up to 4 kg (in optimum application conditions) on different surfaces. UV-resistant and moisture-resistant, thus suitable for indoors and outdoors. 1000 ´s of uses all around the home and for do-it-yourself tasks. Dermatologically tested by independant test institut. * The maximum adhesive force of 4 kg is attained under optimum application conditions: Affixing a flat object (depth < 1 cm) on a smooth surface (metal) at ambient temperature under application of a minimum of 6 pads by observing the below mentioned usage hints.

FIELD OF APPLICATION

Thousands of applications all around the home and for DIY tasks such as "Third Hand". UV-resistant and moisture-resistant, thus suitable for indoors and outdoors.* Fixes objects of all kinds up to 4 kg on various surfaces. The maximum load of 4 kg is achieved under optimal conditions, i.e. flat objects (depth < 1 cm) on smooth, solid surfaces, using a minimum of 6 pads, at room temperature (see user instructions). *Humidity resistant if on smooth surfaces such as metal, glass and plastic, but should not be permanently exposed to weather influence.
Not suitable for delicate materials or surfaces. Do not use on recently painted areas and wallpaper. Try on small sample first.

PROPERTIES

· Ultra strong, removable and reusable
· Suitable for indoors and outdoors
· Dermatologically tested
· Made in Germany

PREPARATION

Surface Requirements: The areas to be glued must be dry and free of any dust or grease.

APPLICATION

Directions for use:
1) Pull off a glue pad and 2) knead until soft. 3) Distribute evenly (every 5-10 cm, depending on size of object to be fixed). 4) Fix by pressing firmly. 5) To remove, carefully detach the object by applying light rotational motion or by pulling it off from surface. To reuse: repeat from 2).
Stains/residue: Possible residue can be removed by dabbing with another glue pad. UHU patafix may leave a greasy mark on absorbent surfaces, this can usually be removed with benzine.

TECHNICAL SPECIFICATIONS

Chemical base:	Polyisobutylen with anorganic filler
Colour:	Beige
Consistency:	Kneadable putties
Flexible:	Yes
Minimum application temperature:	10 °C
Maximum application temperature:	40 °C
Moisture resistance:	Good
Solvent free:	Yes
UV resistance:	Good

PACK SIZES

21 Glue pads

STORAGE CONDITIONS

Store in a dry, cool and frost-free place.
